One look, from your logo to your last post.

Everything here starts from what you already have: your logo, your photographs, your food. You approve every piece before it is used anywhere.

Logo restore Your current logo rebuilt as crisp files at every size, for the site, print, signage and social. Nothing redrawn, nothing lost. \$150	Logo redesign A refreshed mark that keeps your chick. Three directions, two rounds of changes, and every file you will ever need. \$450	Photo restoration Old prints and damaged or blurry photos brought back: the family picture for the About page, the first cart, the early tables. \$25 per photo
Created images New pictures made to order, from your photos or from a description: a holiday table, a seasonal board, a menu item you have not shot yet. \$300 set of ten	Marketing kit Printed menu and price card, a one-page flyer, a business card, and Instagram and Facebook templates in your look. Print-ready files. \$400	Short videos Thirty to sixty seconds for Instagram, Facebook and the site, cut from your photos and clips, with music and captions. \$300 each · three for \$750

THE CREATIVE BUNDLE

Logo redesign, marketing kit, ten created images and one short video.
Photo enhancement (\$250) and photo recreation (\$450) are on page 4 and combine with any of these.

WHAT WE NEED FROM YOU, AND WHEN

MOST OF IT IS A ONE-TIME YES

Before we start DAY 0	Before launch BY DAY 7	After launch ONCE	Each month GROWTH PLAN ONLY
☐ This proposal approved, with the design you picked ☐ Your logo files ☐ The camera-roll originals of your photos ☐ A yes or no on five details: the street address on the site, the Spanish line, the About photo, how the cart, sweets and sips are charged, dietary notes	☐ Domain settings for charcuteriechick.ai, or thirty minutes together to point it at the new site ☐ Admin access to your current site ☐ Google Business Profile ownership, or we claim it together	☐ Ten minutes to approve the three message templates in your voice ☐ Two listing fixes on WeddingWire, "The Catering Chick" and "\$150 per person for stations". We do them with you.	☐ A few phone photos from one event, for the Google posts ☐ Ten minutes on the one-screen report, if you want to talk it through

How payment works.

WHEN	WHAT IS DUE
Day 0, to start The day you approve	Half of the website and workflows. For a package, half of the package price.
At launch Day 7, or day 21 for The Table	The other half.
When you approve the set Photography and creative add-ons	In full, after you have approved every image, file or video.
On delivery One-page site only	\$150. If you do not like it, you do not pay.
From day 91, monthly Only if you choose a plan	Care \$69 or Growth \$149, billed monthly in advance. Cancel any time with thirty days' notice.

Ownership. Your domain, logo, photos and words stay yours. The site files are yours at launch. Nothing on your current site changes until you say go.

Not included. Ad spend, a paid photographer, printed menus beyond the marketing kit, online payments, a booking calendar, automated replies. The last three are left out on purpose: you price by hand, you take payment your way, and your customers hear from you.

Revisions. Two rounds before launch. After that, the included 90 days, then the care plan.

Prices. US dollars. These prices hold through October 1, 2026. Every invoice references this proposal.
